STATEMENT FOR PREVENTION OF ABUSE:

A principal endeavor of the Armed Services YMCA is to provide a healthy atmosphere for the growth and development of youth and children. Thus, the mistreatment or neglect of youth or children and the resulting severe effects are of primary concern to the Armed Services YMCA. Child abuse is mistreatment or neglect of a child by parents or others resulting in injury or harm. Abuse can lead to severe emotional, physical, and behavioral problems. Because of its concern for the welfare of children and youth, the Armed Services YMCA has developed policies, standards, guidelines, and training to aid in the detection and prevention of child abuse.

In addition, all employees are thoroughly screened, and background checks are conducted upon hiring or rehiring. Additionally, employees who have contact with children and youth receive training in recognizing, reporting, and preventing child abuse, which includes training in recognizing signs that a child is being groomed for abuse. Some of the guidelines employees are expected to follow are:

- Avoid being alone with a single child where you cannot be observed by other staff or adults
- You may not relate to children who participate in Armed Services YMCA programs outside of approved Armed Services YMCA activities. For example, baby-sitting weekend trips, foster care, etc. are not permitted. An exception must be approved in advance by the Child Care Director
- Giving personal gifts to program participants or their parents is not allowed
- Program rules and boundaries must be followed, including appropriate touch guidelines
- Children or youth should not be singled out for favored attention
- Dating a program participant under age 18 is not allowed.

- Children may not be disciplined by use of physical punishment or by failing to provide the necessities of care.
- Verbally, physically, sexually, or emotionally abusing or punishing children or youth is not allowed.
- Children may be informed in a manner that is age-appropriate to the group of their right to set their own "touching" limits for personal safety.
- Children should only be released to authorized persons in programs with controlled pick-up procedures.
- Any information regarding abuse or potential abuse should be documented in writing.
- At the first reasonable cause to believe that any child abuse exists, it should be reported to your supervisor or branch executive so that proper reporting can be initiated.
- At the first reasonable cause to believe that an employee or volunteer abused a child or youth, even if it was not during working hours, his or her conduct should be reported to the program director and the branch executive or another designated branch representative. Additionally, it is the Armed Services YMCA's protocol to make a report to the appropriate authorities. Appropriate actions will be taken regarding the employee or volunteer, including suspension or termination from Armed Services YMCA employment or volunteer status.

PARENT'S RIGHTS:

Senate Bill 1098 from the 88th Legislative Regular Session added Section 42.04271 to the Human Resources Code and states that a parent or guardian of a child at a child care facility has the right to:
